*Sandgate Yacht Club Handicap system to be applied for Club Championship racing.*

- *Points allocation system is applied after handicap results are calculated.*

#### VYC Yardstick Handicap system:

*The Yachting Victoria Yardsticks are prepared to provide the fairest possible calculation of results for mixed fleet OTB racing.*

*The handicap allocated at the beginning of the series is taken from VYC yardstick information. For Club Championship racing this handicap does not change and will be fixed for the season.*

*Corrected Time (CT) is calculated by taking the Elapsed Time (ET) and applying the handicap as a percentage.*

*For example, a boat with a handicap of 0.9100 finishes in 50 minutes. Her CT would be 45.5 minutes (50 x 0.91 = 45.5)*
